

Docket 98P-0151 / CPI

Oct 21, 2000

Please honor petition from Farm Sanctuary and others for humane slaughter of downed animals. If the financial incentive for sending these animals to market, it would help eliminate the atrocities committed against these hard to handle animals and bring the psyches of the workers who cope with them. Most importantly, THEY ARE PROBABLY NOT FIT FOR HUMAN FOOD. The British experience with "mad cow" disease and its transference to humans as a new variant of Creutzfeldt Jakob disease is a strong warning of what can happen. Please do the right thing for all concerned; consumers, slaughter workers and the animals.
